

Title:

FIRST ARTICLE INSPECTION REPORT (FAIR) WITH SHIPMENT

Aerojet Quality Note

F02

Rev #

Date

1

9/25/2015

First Article Inspection shall be in accordance with AS9102 current revision. The First Article Inspection Report (FAIR) must be submitted to Aerojet with the part shipment. The supplier shall ensure the First Article part is clearly marked as First Article. If parts are serialized, the First Article part serial number shall be written on the FAIR.

Purchase Orders require a FAIR if:

- product has not been manufactured in a 12 month period (note this deviates from AS9102);
- all other FAIR trigger events listed in AS9102 Section 5 apply.

For Aerojet Rocketdyne Purchase orders supporting Camden, Gainesville, Orange, Sacramento and Vernon sites, the Supplier shall utilize the [Supplier Submittal Request \(SSR\)](#) Form to communicate the documentation required above.

For Aerojet Purchase Orders supporting Redmond Washington site: Submit hardcopy report with part shipment.

This document is an integral part of the contract (purchase order) in which referenced. **Applicable Revision:** The revision in effect at the time the purchase order is placed.
