F07: First Article Inspection Plan – Prior to shipment of Product

First Article Inspection shall be in accordance with AS9102 current revision. The First Article Inspection Plan must be submitted and approved by Aerojet Rocketdyne prior to shipment.

The sole purpose of an advance review of the FAI Plan is to confirm the supplier will measure all applicable part characteristics per specifications.

For Aerojet Rocketdyne Purchase orders supporting Camden, Huntsville, Orange and Sacramento, the Supplier shall utilize the Supplier Submittal Request (SSR) Form to communicate the documentation required above.

For Aerojet Rocketdyne Purchase Orders supporting Redmond Washington: Submit FAI Plan via email to the Aerojet Rocketdyne buyer.

Deliverable:

Aerojet Rocketdyne: Written acceptance of the FAI Plan shall be sent to the supplier.
