

F01: FIRST ARTICLE INSPECTION (FAI) VERIFICATION

Effective Date: 4/6/2020

First Article Inspection shall be in accordance with AS9102 current revision. Prior to shipment of product, the First Article Inspection Report (FAIR) must be submitted and approved by Aerojet Rocketdyne. Aerojet Rocketdyne retains the right to witness the First Article Inspection; the supplier shall notify the Aerojet buyer prior to starting the First Article Inspection.

Purchase Orders require a FAIR if:

- product has not been manufactured in a 12 month period (note this deviates from AS9102);
- all other FAIR trigger events listed in AS9102 apply.

For Aerojet Rocketdyne Purchase orders supporting Camden or Orange sites, the Supplier shall utilize the [Supplier Submittal Request \(SSR\)](#) Form to communicate the documentation required above.

For Aerojet Rocketdyne Purchase orders supporting Redmond, Washington: Send email to Aerojet Rocketdyne Buyer.

This document is an integral part of the contract (purchase order) in which referenced. **Applicable Revision:** The revision in effect at the time the purchase order is placed.
