

Title: **Sampling Inspection**

Aerojet Quality Note

F06

Rev #

Date

1**9/25/2015**

A Sampling Inspection plan must be submitted to Aerojet for approval prior to final acceptance. Upon plan approval, the supplier will be authorized to proceed. Unless otherwise specified, the plan shall be statistically valid and appropriate for use. The plan shall not allow for the acceptance of known defectives in the lot, i.e. Accept = 0 defect, Reject = 1 defect.

For Aerojet Rocketdyne Purchase orders supporting Camden, Gainesville, Orange, Sacramento and Vernon sites, the Supplier shall utilize the [Supplier Submittal Request \(SSR\)](#) Form to communicate the documentation required above.

For Aerojet Rocketdyne Purchase orders supporting Redmond, Washington: Send email to Aerojet Rocketdyne Buyer.

This document is an integral part of the contract (purchase order) in which referenced. **Applicable Revision:** The revision in effect at the time the purchase order **is** placed.
