

C02: Lockheed Martin Approval of Special Processes

Effective Date: 11/20/2019

The Supplier/Subtier Supplier performing special processes shall be approved by Lockheed Martin. Suppliers already approved can be viewed at <https://sgm.lmaeronautics.com/QCS001View.aspx>, and then select approved special process suppliers.

Notify Aerojet Rocketdyne immediately if any special process Supplier/Subtier Supplier to be used is NOT on this list; submission for approval by Lockheed Martin is required before the Supplier/Subtier Supplier may be used.
