

Q133

Seller's FEE Part Certification - rev 10/1/01

The following data items must be provided with each shipment: (a) Part manufacturer's Certificate of Compliance with the applicable Specification (including part number, detail specification number, and lot/date code). Each item quantity to be one lot/date code. (b) Objective evidence (e.g., certification from the part manufacturer) of compliance with the applicable Specification Quality Conformance Inspection Test requirements (i.e. Groups A, B, C, D). (c) Certification from any involved, authorized franchise intermediary that the parts are from the lot described by the manufacturer's documentation. (d) Certification that the shipment contains only new parts. (e) Purchase Order/Contract number must be included.

SUGGESTED FORMAT

Item	Quantity	Part Number	Manufacturer	Lot/Date Code	Specification Revision, if applicable

Seller certifies that the above parts are in conformance with the provisions referenced herein.

Company Name		THIS CERTIFICATION, AFTER PROPER EXECUTION, MUST ACCOMPANY EACH SHIPMENT
Company Representative Signature
