

1. **CONTRACT FORMATION.**

- a. The Purchase Order (“PO”) or Blanket Purchase Agreement (“BPA”) to which these General Provisions are incorporated by reference (hereafter the “Order”) constitutes an offer by the Aerojet Rocketdyne legal entity (e.g., Aerojet Rocketdyne, Inc., Aerojet Ordnance Tennessee, Inc., Aerojet Rocketdyne Coleman Aerospace, Inc., Easton Development Company, LLC, or Aerojet Rocketdyne Holdings, Inc.) (hereafter referred to as “Company” or Buyer) identified in such Order to purchase the products or materials (“Goods”) and Services (Goods and Services comprise the “Work”) described in the Order from the supplier identified in such Order (the “Seller”). If Seller accepts such offer, Company and Seller will have formed a contract on the terms and conditions set forth below (the “Contract”).
- b. To accept this Order, Seller must indicate its acceptance electronically or physically, or, if the Order is not rated under the Defense Priorities and Allocations System (DPAS), acceptance may alternatively be by commencing performance, or accepting payment. Commencement of performance or accepting payment shall not be deemed as acceptance if the Order is DPAS-rated and written acceptance of a DPAS-rated Order is required within the timeframe required by the DPAS regulations.
- c. Company limits acceptance of this offer to the terms and conditions contained in this Order, and objects to and rejects any terms and conditions that add to or differ from those set forth below unless accepted in writing by Company.

2. **CONTRACT DIRECTION.**

- a. The person authorized by Company’s procurement organization to administer the Contract (“Company Buyer” or “Buyer”) is the only person with authority to modify its terms. This Contract may only be modified if done in writing and signed by Buyer. Electronic transmission is an acceptable alternative.
- b. Occasionally, Company’s engineering and technical personnel may provide assistance or technical advice, or exchange information with Seller’s personnel concerning the Work. Such actions shall not be deemed a change under the Changes clause of the Contract and shall not provide a basis for an Equitable Adjustment. If Seller is in doubt as to whether it has received direction it is obligated to follow, it must promptly confirm with the Buyer in writing whether a change was intended. If Seller proceeds absent confirmation from the Buyer, Seller waives any right to request an Equitable Adjustment and is at risk of noncompliance with Contract requirements.
- c. Unless the Contract provides otherwise, all notices to be furnished by Seller shall be sent to the Buyer, including notices of delays, and bankruptcy or insolvency.

3. **TIMELY PERFORMANCE.** Time is of the essence in the performance of this Contract and failure to perform on time, if unexcused, shall be considered a material breach of this Contract. Seller shall immediately provide written notice to Company of all pertinent details regarding any actual or potential cause or event that threatens the timely performance of the Contract. In the event of any actual or potential delay, Seller shall promptly notify the Buyer of the actions being taken to overcome or minimize the delay, provide the Buyer with a written recovery schedule, and unless Seller is excused from timely performance as provided in the *Force Majeure* or *Excusable Delay* clause of this Contract, ship via air or other expedited routing, without additional cost to Company, to avoid or minimize delay to the maximum extent possible. Unless advance shipment has been authorized in advance in writing by Company’s Buyer, Company shall refuse or return, at Seller’s risk and expense, shipments made prior to thirty (30) days before the required scheduled delivery dates, and Company shall not be liable for any payment to Seller on such advance deliveries until the scheduled delivery dates in accordance with Section 21, Payment, below.

4. **NOTICE OF OBSOLESCENCE ISSUES.** Seller shall monitor and report any and all obsolescence issues that can be reasonably anticipated to adversely affect the availability of Goods or materials currently used in production for Company. Seller shall report this information in writing to the Buyer promptly, and in no event later than seven (7) days of Seller’s first knowledge, and subsequently as directed by the Buyer. Additionally, notification shall be sent to obsolescence@rocket.com. These obligations shall be effective during the performance of the Contract and shall survive the expiration of this Contract for a minimum of one (1) year following the end of the period of performance inclusive of Contract closeout.

5. **COUNTERFEIT WORK.**

- a. The following definitions apply to this clause:
"Counterfeit Work" means Work that is or contains unlawful or unauthorized reproductions, substitutions, or alterations that have been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used Work represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.
"Suspect Counterfeit Work" means Work for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the Work part is authentic.
- b. Seller represents and warrants that only new and authentic materials are used in Goods to be delivered to Buyer under this Contract and that the Goods delivered contain no Counterfeit Parts or suspect Counterfeit Parts.
- c. Seller shall only purchase products to be delivered or incorporated as Goods to Buyer directly from the Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM), or through an OCM/OEM authorized distributor chain. Such Goods shall not be acquired from independent distributors or brokers unless approved in advance in writing by Buyer. When requested by Company, Seller shall provide OCM/OEM documentation that authenticates traceability of the affected items to the applicable OCM/OEM. Seller, at its expense, shall provide reasonable cooperation to Company in conducting any investigation regarding the delivery of Counterfeit Work or Suspect Counterfeit Work under this Contract.
- d. If this Contract is issued under a U.S. Government contract, Seller shall maintain a documented system (policy, procedure, or other documented approach), consistent with applicable industry standards for the detection and avoidance of counterfeit parts and suspect counterfeit parts, including policies and procedures for training personnel, designing and maintaining systems to mitigate risks associated with parts obsolescence, making sourcing decisions, prioritizing mission critical and sensitive components, ensuring traceability of parts, developing lists of trusted and untrusted

General Provisions (Continued)

- suppliers, flowing down requirements to subcontractors, inspecting and testing parts, reporting and quarantining suspect counterfeit parts and counterfeit parts, and taking corrective action.
- e. Seller shall immediately notify Buyer with the pertinent facts if Seller becomes aware that it has furnished Counterfeit Parts or suspect Counterfeit Parts to Buyer. Additionally, if this Contract is issued under a U.S. Government contract, for suspect or confirmed counterfeit parts, notification must also be made not later than 60 days after discovery to the Government – Industry Data Exchange Program (GIDEP).
 - f. This clause applies in addition to any quality provision, specification, statement of work or other provision included in this Contract addressing the authenticity of Goods. To the extent such provisions conflict with this clause, this clause prevails.
 - g. In the event that Goods delivered under this Contract constitute or include Counterfeit Parts or suspect Counterfeit Parts, Seller shall, at its expense, promptly replace such Goods so as to conform to the requirements of this Contract. Notwithstanding any other provision in this Contract, Seller shall be liable for all costs relating to Counterfeit Parts or suspect Counterfeit Parts and the cost of rework or corrective action that may be required to remedy the use or inclusion such parts, including without limitation Buyer's costs of removing Counterfeit Parts, of installing replacement Goods and of any testing necessitated by the reinstallation of the Goods after Counterfeit Parts have been exchanged. All such costs shall be deemed direct damages. The remedies contained in this paragraph are in addition to any remedies Buyer may have at law, equity or under other provisions of this Contract.
 - h. Seller shall include the requirements of this paragraph or equivalent provisions in lower tier subcontracts for the delivery of items that will be included in or furnished as Goods to Buyer.
- 6. CHANGES.**
- a. The Buyer may at any time, by written notice to Seller, and without notice to sureties or assignees, make changes and give Contract direction within the general scope of the Contract to any one or more of the following:
 - (i) drawings, designs or specifications;
 - (ii) method of shipping or packing;
 - (iii) place of inspection, acceptance or point of delivery;
 - (iv) property furnished by the Company or its customer;
 - (v) time or place of performance;
 - (vi) quantity;
 - (vii) delivery schedule; and
 - (viii) terms and conditions required to meet Company's obligation under its customer contracts, including but not limited to, any mandatory flowdown clauses.
 - b. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the Contract, Company shall make an Equitable Adjustment in the Contract price or delivery schedule, and modify the Contract accordingly. Changes to the delivery schedule will be subject to a price adjustment only.
 - c. Seller waives a claim for an Equitable Adjustment under this Clause unless it submits such claim in writing to Company within fifteen (15) days from the date of the notice of the change, unless Company agrees in writing to a longer period.
 - d. Failure to agree to any Equitable Adjustment shall be resolved in accordance with the Disputes clause of the Contract. However, nothing contained in this Clause shall excuse Seller from proceeding immediately in the performance of the Contract as changed.
- 7. PRICING OF ADJUSTMENTS.** All price adjustments, including but not limited to Equitable Adjustments, under this Contract shall be based upon Seller's costs and a reasonable profit for work performed, unless profit is expressly excluded by terms of this Contract. Company shall recognize costs that are reasonable, allowable and allocable under the standards of Part 31 of the Federal Acquisition Regulation ("FAR", Title 48, Code of Federal Regulations) in effect on the date of this Contract.
- 8. STOP WORK ORDER.** As directed in writing by Buyer, Seller shall stop performance of all or part of the Work for up to ninety (90) days, or for such longer time as the parties may agree, and shall take all reasonable steps to minimize the incurrence of costs allocable to the stopped Work during the period of the Stop Work Order. Buyer shall either terminate or continue the stopped Work by giving written notice to Seller before the expiration of the Stop Work Order. An Equitable Adjustment may be made, as provided by the Pricing of Adjustments and Changes clauses of the Contract, if the stopped Work is changed or continued, in whole or in part.
- 9. CANCELLATION OR TERMINATION FOR BUYER CONVENIENCE.**
- a. Company may terminate the Contract for its convenience at any time and without cause, in whole or in part, by giving Seller written notice of such termination. In the event of such a termination, Seller shall stop work immediately, and shall cause all of its suppliers and subcontractors to stop work immediately, on the terminated portion of the Contract. Seller shall continue all work that is not terminated. Buyer may take immediate possession of all goods, complete or incomplete, and all products resulting from services upon written notice of termination to Seller.
 - b. Seller shall be entitled to an Equitable Adjustment, including reasonable settlement expenses. Seller shall be reimbursed for actual, reasonable, substantiated and allocable costs, plus a reasonable profit for work performed to date of termination. Seller shall not be paid for any work performed or costs incurred that could have been reasonably avoided. Seller must submit its proposal to the Buyer for costs relating to the termination within sixty (60) days after the effective date of the termination. In no event shall Company be liable for lost or anticipated profits, unabsorbed indirect costs or overhead, or for any sum in excess of the total Contract price.
- 10. TERMINATION FOR SELLER BREACH OR DEFAULT.** Company may terminate the Contract for default, in whole or in part, if Seller fails to comply with any of the material terms of the Contract; endangers performance of the Contract by failing to make progress; upon reasonable request by Company, fails to provide adequate assurances of future performance; files or has filed against it a petition in bankruptcy; or becomes insolvent or suffers a material adverse change in financial condition. Seller shall have ten (10) days, or such longer period as Company may authorize in writing, to cure any such failure after receipt of notice from Company. However, Seller shall not be entitled to a cure notice for a default involving delivery schedule delays. Company shall only be liable for Work accepted, and Seller will be liable to Company for all losses and damages, which may be suffered by Company by reason of the default, including any increase in the costs incurred by Company in procuring Work from another source. Company may

General Provisions (Continued)

require Seller to deliver any supplies, materials, tooling and drawings that Seller has specifically produced or acquired for the terminated portion of the Contract. Company and Seller shall agree on the amount of payment for these manufacturing materials. However, nothing contained in this Clause shall excuse Seller from proceeding immediately in the performance of all work not terminated. If after termination under this Clause, it is later determined that Seller was not in default, the termination shall be deemed a Termination for Convenience. The rights and remedies of Company are in addition to any other rights provided to Company at law, in equity, or under the terms and conditions of the Contract.

11. **FORCE MAJEURE OR EXCUSABLE DELAY.** Except for a default of Seller's subcontractor at any tier, Seller shall not be in default or charged for any liability because of a failure to perform the Contract under its terms, or because of a failure to make progress so as to endanger performance, if the failure arises from causes beyond the control of and without the fault of Seller; provided, Seller gives to the Buyer prompt notice in writing as soon as it appears that such cause will delay performance of the Contract. Such causes shall include, without limitation: acts of God or of the public enemy; acts or orders of any Governmental authority, including acts of the Government in its sovereign or contractual capacity; natural disasters including earthquakes, fires, storms, floods, or unusually severe weather; epidemics or quarantine restrictions; unavoidable labor strikes, civil disturbances or acts of terrorism; and freight embargoes. Failure of any relevant government to issue any required import or export license, or withdrawal/termination of a required import or export license by such relevant government, shall relieve Buyer of its obligations under this Contract, and shall relieve Seller of its corresponding obligations. Correspondingly, Company shall not be liable for any failure or delay in performance of the Contract due to causes or circumstances beyond its control and without its fault or negligence.
12. **RESPONSIBILITY FOR GOODS, TITLE AND RISK OF LOSS. (Applicable if the Work Includes the Delivery of Goods)**
 - a. Title to Goods furnished under this Contract shall pass to Company upon final acceptance by Company, regardless of when or where Company takes physical possession, unless the Contract specifically provides for earlier passage of title.
 - b. Unless the Contract specifically provides otherwise, risk of loss of or damage to Goods shall remain with Seller, and shall not pass to Company, until:
 - (i) Delivery of the Goods to a carrier, if transportation is Free on Board (F.O.B.) origin; or,
 - (ii) Delivery of the Goods to Company at the destination specified in the Contract, if transportation is F.O.B. destination.
 - c. The definition of F.O.B. in the prior sentence shall be governed by the Uniform Commercial Code in effect in domestic shipments from the U.S. but for shipments to Company from outside the US, the INCOTERMS as it may be amended, shall be used for shipping terms. The risk of loss of or damage to Goods that Company has a right to reject remains with the Seller until final acceptance or until all non-conformances are cured.
13. **HAZARDOUS MATERIALS. (Applicable if the Work Includes the Delivery of Goods)**
 - a. Prior to acceptance of a PO/Contract for ammunition and/or explosives issued under a Department of Defense government prime contract, Seller shall be required to complete and submit to Company Buyer a questionnaire complying with DFARS 252.223-7002, Safety Precautions for Ammunition and Explosives.
 - b. Seller shall package, label, transport and ship hazardous materials or items containing hazardous materials in accordance with all applicable federal, state and local laws and regulations, including but not limited to Title 49 of the Code of Federal Regulations.
 - c. Seller, prior to each hazardous material shipment, shall notify Company of its nature and shipment data by such means of communication as will allow for proper preparation for acceptance of delivery by the carrier of the material and shall identify same on all shipping documents.
 - d. Seller represents that each chemical substance constituting or contained in Work delivered to Company is included on the current inventory of chemical substances published by the Administrator of the Environmental Protection Agency pursuant to the Toxic Substances Control Act, as amended.
 - e. Seller will provide to Company with each delivery any Safety Data Sheet applicable to the Work that conforms with, and contains the information required by, the Occupational Safety and Health Act of 1970 and implementing regulations, or a state approved counterpart, as it may be amended.
14. **PACKING AND SHIPPING. (Applicable if the Work Includes the Delivery of Goods)**
 - a. Seller shall pack Goods in accordance with good commercial practice to prevent damage and deterioration, unless specific packaging requirements are identified in technical data requirements incorporated in the Contract. Seller shall advise the Buyer in advance of shipping if Seller believes that the specified packaging will not prevent damage or deterioration in shipping.
 - b. Seller shall include a complete packing list with all shipments.
 - c. Packing lists will specify data that will allow receipt to be processed in accordance with Buyer's PO/Contract, including at a minimum:
 - (i) Date of shipment;
 - (ii) PO/Contract number;
 - (iii) PO/Contract line item number and schedule number if applicable;
 - (iv) Quantity shipped;
 - (v) Item description/nomenclature;
 - (vi) Manufacturer lot number/serial numbers(s) if required;
 - (vii) Unit of measure; and
 - (viii) Names and addresses of consignor and consignee.
 - (ix) Additional data elements may be identified and included in other instruction in the Contract.
 - d. Seller shall mark containers and packages with necessary lifting, loading, and handling instructions, and ensure the Contract number is referenced on exterior container labels. Seller shall mark each container in relation to the number of containers in a shipment (e.g., 1 of 3, etc.).
 - e. Failure to adhere to this clause may delay receipt, result in rejection of delivered goods or delay payment of invoices.
15. **INSPECTION.** All Work shall be subject to inspection, monitoring, and testing ("Inspection") by Company and its customers at reasonable times and places. Company shall have the right to inspect work in process. Seller shall provide information and access to facilities necessary for a safe and convenient Inspection at no additional charge, so long as the Inspection does not unduly delay work. No Inspection shall relieve Seller of any of its obligations to furnish all Work in accordance with requirements of the Contract.

General Provisions (Continued)

16. ACCEPTANCE AND REJECTION.

- a. Neither receipt nor payment shall constitute final acceptance. Company shall accept or reject the Work within a reasonable time after delivery. Company will not be obligated to accept substitutions, untimely deliveries, deliveries in quantities other than those ordered by the Buyer or deliveries of Work failing to conform to Company's specifications or Seller's warranties described in the Contract. Company will not accept any delivery received thirty (30) days or more prior to the delivery schedule on the Contract. Acceptance by Company of substitutions, untimely deliveries, partial deliveries or non-conforming Work shall not waive the delivery schedule or other requirements of the Contract.
- b. If Seller delivers non-conforming Work, Company may:
 - (i) accept all or part of such Work;
 - (ii) return the Work for credit or refund;
 - (iii) require Seller to promptly correct or replace the Work;
 - (iv) correct, or have a third party correct, the Work; or
 - (v) perform, or have a third party perform, replacement Work.
- c. Seller shall not redeliver corrected or rejected Work without disclosing the corrective action taken. In the event non-conforming Work is re-delivered subsequent to corrective action, Company may require Seller, at Seller's expense, to include an inspection report from a third-party inspector acceptable to Company with any subsequent redelivery.

17. DUTY OF COOPERATION. Upon reasonable suspicion that Goods or services procured under this Contract may contribute to a Company product failure of any type, Seller shall immediately upon direction take reasonable actions and incur reasonable costs toward a cooperative failure cause investigation, for the duration of a reasonable investigation opportunity. The responsibility for costs incurred pursuant to this Clause will be determined in accordance with the terms of this Contract.

18. DISPUTES. Before commencing litigation, the parties shall attempt to negotiate in good faith any matters that are in dispute by escalating to the parties' successive levels of management. Any dispute not settled between the parties may be decided by recourse to an action at law or in equity and will be referred to a court of competent jurisdiction in the state of California. Pending final resolution of any dispute between the parties, Seller shall diligently proceed with performance of the Contract, as directed by Company, as though no dispute existed. The Contracts Disputes Act shall have no application to this Contract, and nothing in this Contract grants Seller a direct claim or cause of action against the Government.

19. PRICES AND TAXES.

- a. Company will not pay prices for Work higher than those prices stated in the Contract. Seller warrants that the prices of the items covered by this Contract are not in excess of Seller's lowest prices in effect on the date of this Contract for comparable quantities of similar items. If Seller reduces prices for this Work after formation of the Contract, but prior to payment, such price reductions will apply to this Contract. Unless otherwise specified, the prices include all charges for packaging, handling, storage and delivery.
- b. Unless prohibited by law or otherwise specified, Seller shall pay and include in the price of the Contract any federal, state or local tax, transportation tax, or other tax which is required to be imposed upon the items ordered hereunder, or by reason of their sale or delivery, except for applicable sales and use taxes that are listed separately on Seller's invoice. Prices shall not include any taxes, duties, tariffs or similar fees for which Company has furnished a valid exemption certificate or other evidence of exemption.

20. INVOICES.

- a. All invoices must include the following data elements required for timely receipt and payment without error and matching Company's PO/Contract:
 - (i) Seller's name;
 - (ii) invoice number;
 - (iii) invoice date;
 - (iv) invoice payment terms;
 - (v) PO/Contract number;
 - (vi) PO/Contract line item number and schedule number (if applicable);
 - (vii) line item description of the Work/nomenclature;
 - (viii) quantity invoiced;
 - (ix) unit of measure;
 - (x) unit price;
 - (xi) line item extended total price;
 - (xii) total invoice amount;
 - (xiii) Seller's packing slip number and lot/serial number(s), if required; and
 - (xiv) name and address for remittal of payment.
- b. Additional required data elements may be identified and included in other instructions in the PO/Contract. Any deviation to this requirement must be approved by the Buyer in writing in advance of shipment or invoice submittal. Failure to adhere to this clause may delay receipt or result in rejection of items shipped or delay in payment of invoices.
- c. Seller shall deliver invoices to AccountsPayable@Rocket.com unless otherwise specified on the face of the PO/Contract. Failure to deliver invoices to Accounts Payable at the email address or the address on the face of the PO/Contract may result in delay in payment.
- d. If invoicing at times other than at delivery, Seller shall substantiate invoices by evidence of actual payment and individual daily job timecards, or by other evidence approved by the Buyer.
- e. Company may audit, or cause to be made such audit, of the invoices and substantiating information at any time or times prior to final payment under the Contract. Each payment made by Company shall be subject to reduction to the extent of amounts that are found by Company not to have been properly payable, and shall be subject to reduction for overpayments or to increases for underpayments on preceding invoices.

21. PAYMENT.

- a. Unless provided otherwise in the Contract, payment due date, including discount period, shall be computed from the later of the scheduled Work date; the actual Work date; or, the date of receipt of a proper invoice. However, if specified in the Contract, Company shall not be obligated to pay until final acceptance of delivered goods. Company shall not be obligated to pay any invoice that is received later than sixty (60) days past the associated Work completion.
- b. Payment shall be deemed to have been made on the date payment is processed by check print or electronic funds transfer is initiated.

General Provisions (Continued)

- c. Company may take advantage of the most favorable discount incorporated in the Contract or found on individual invoices. Delays attributable to the fault of Seller, such as late invoices, errors or omissions on invoices, or lack of supporting documentation required by the Contract, will entitle Company to withhold payment without losing any discount privileges or incurring any interest expense payable to Seller.
- d. Company shall not be obligated to pay Seller any amount in excess of the price set forth in the Contract, unless and until the Buyer modifies the price for performance under the Contract. When and to the extent that the price set forth in the Contract has been increased, any hours expended and material costs incurred by Seller in excess of the price prior to the increase shall be payable to the same extent as if such hours expended and material costs had been incurred after such increase in the price.
- 22. ADDENDUM TO CLAUSE 21, PAYMENT. (Applicable to Labor Hour, and Time and Materials Contracts)**
- a. Hourly Rate:
- (i) The amounts payable are computed by multiplying the appropriate hourly rate, or rates, set forth in the Contract, by the number of direct labor hours performed, which rates shall include wages, overhead, general and administrative expenses and profit. Fractional parts of an hour shall be payable on a prorated basis. Invoices may be submitted once each month (or at more frequent intervals if approved by the Buyer) to the Buyer or Buyer's designee. Seller will substantiate invoices by evidence of actual payment, individual daily job timecards, or such other substantiation approved by the Buyer. Promptly after receipt of each substantiated invoice, Buyer shall, except as otherwise provided in this Contract, and subject to the provisions of subparagraph e. below, make payment thereon as approved by the Buyer.
- (ii) Unless otherwise specified, the hourly rate or rates set forth in the Contract shall not be varied by virtue of Seller having performed work on an overtime basis. If no overtime rates are provided in the Contract and Buyer does not approve overtime work in advance, overtime is not authorized.
- b. Materials and Subcontracts:
- (i) Buyer shall determine allowable costs of direct materials in accordance with Part 31 of the Federal Acquisition Regulations in effect on the date of this Contract. Reasonable and allocable material handling costs may be included in the charge for material, but only to the extent they are excluded from the hourly rate. (Material handling costs are comprised of indirect costs, including, when appropriate, General and Administrative expense, allocated to direct materials in accordance with Seller's usual accounting practices). Seller shall support all material costs claimed by submitting paid invoices, storeroom requisitions, or by other substantiation acceptable to the Buyer.
- (ii) The cost of subcontracts that are authorized by the Buyer shall be reimbursable costs hereunder. Reimbursable cost in connection with subcontracts shall be limited to the amounts actually required to be paid by Seller to the subcontractor and shall not include any costs arising from the letting, administration or supervision of performance of the subcontract, which costs are included in the hourly rate or rates payable under subparagraph a.(i) above.
- c. It is estimated that the total cost to the Buyer for the performance of this Contract will not exceed the ceiling price set forth on the face of the Contract, and Seller agrees to use best efforts to perform the work specified in the Contract and all obligations under this Contract within such ceiling price. If at any time Seller has reason to believe that the hourly rate payments and material costs which will accrue in the performance of this Contract in the next succeeding thirty (30) days, when added to all other payments and costs previously accrued, will exceed eighty-five percent (85%) of the ceiling price then set forth in the Contract, Seller shall notify the Buyer to that effect giving his revised estimate of the total price to the Buyer for the performance of this Contract, together with supporting reasons and documentation.
- d. Company shall not be obligated to pay Seller any amount in excess of the ceiling price set forth in the Contract, and Seller shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Contract, unless and until the Buyer shall have notified Seller in writing that such ceiling price has been increased and shall have specified in such notice a revised ceiling which shall thereupon constitute the ceiling price for performance under this Contract. When and to the extent that the ceiling price set forth in the Contract has been increased, any hours expended and material costs incurred by Seller in excess of the ceiling price prior to the increase shall be allowable to the same extent as if such hours expended and material costs had been incurred after such increase in the ceiling price.
- e. Travel and travel-related expenses ("travel expenses") shall not be paid, except for travel specifically identified in the Contract. Time spent in travel status is not compensated as time worked unless separately negotiated and specified in the Contract. If the Contract authorizes travel, Company will reimburse Seller for the actual and reasonable travel expenses incurred by Seller as necessary to support Company's business objectives stated in the Contract, except that for meals and incidental expenses, Company shall only reimburse based on government per diem rate for the location in which the traveler is staying. Itemized receipts submitted with Seller's invoice must evidence such expenses, or an acceptable explanation is presented for any expense without a receipt. Company may require Seller to use Company's Expense Report form. In no event shall Company reimburse Seller or Seller's employees for the cost of alcoholic beverages, fees for in-hotel movies, personal internet access or other such charges. Airline travel must be economy class unless business class is permitted in accordance with Company's travel directives; first class air travel is not authorized unless required for reasonable accommodation of an established disability and approved by the Buyer in advance. Company's travel directives ([FIN-D-7.04.16.02, Employee Expense Reporting and Reimbursement](#), and [FIN-D-7.04.16.01, Travel](#), apply. The cited Company directives and forms referenced therein (or equivalents) are available upon request to the Buyer. Company reserves the right to make unilateral adjustments to Seller's invoice to reduce it by any unreasonable or unallowable amounts or to correct calculation errors.
- 23. SET-OFFS.** Company may set-off any amounts Company in good faith claims to be due from Seller against any sums otherwise due to Seller whether such claims arise under or outside the Contract.
- 24. PROPERTY.**
- a. Unless otherwise agreed herein, Seller at its cost shall supply all material, equipment, designs, drawings, tools, and facilities required to perform this Contract. Seller assumes, and shall ensure that its subcontractors assume, for it and its employees, the risk of loss and destruction of, and

General Provisions (Continued)

damage to any of its property, whether owned, rented, borrowed or otherwise. Seller waives, and shall ensure that its subcontractors waive, for it and its employees, all rights of recovery against Company, its subsidiaries, affiliates, parent, and their customers, successors, assigns, employees, officers, attorneys and agents for any such loss and destruction of, or damage to, any of its property. "Subcontractor" as used in this Contract shall include Seller's subcontractors at any tier.

- b. Seller shall be responsible and accountable for all property provided to Seller that is owned by either Company or its customer and all property acquired, fabricated, or otherwise provided by Seller for performing this Contract, and to which Company or Government has title ("Accountable Property"). Seller shall use, manage, maintain, protect, and preserve Accountable Property in accordance with good commercial practices, at Seller's risk and sole expense. Seller's obligation to maintain Accountable Property shall continue until formally relieved of responsibility by authorized means. This requirement applies to all Accountable Property under Seller's stewardship, possession or control, including its vendors or subcontractors. Company or its customer shall have access at all reasonable times to the premises at which Accountable Property is located for the purpose of inspecting the Accountable Property.
- c. Seller shall maintain insurance covering the full replacement value of all Accountable Property and providing protection against all perils normally covered in an "all-risk" policy, including, but not limited to, fire, windstorm, explosion, riot, civil commotion, aircraft accident, earthquake, flood or other acts of nature. Seller is responsible for any loss, theft, destruction or damage of Accountable Property while in Seller's possession, custody or control. Seller shall promptly, and in no event more than ten (10) days after first learning of such an event, inform the Buyer in writing of any loss or damage to Accountable Property. However, Seller is not responsible for reasonable wear and tear to Accountable Property or for Accountable Property that is properly consumed in performance of the Contract.
- d. Unless Company otherwise expressly permits in writing, Seller shall use Accountable Property only in the performance of the Contract. Seller shall mark, tag or segregate Accountable Property. Company does not warrant the suitability of Accountable Property and all Work performed must be in strict accordance with drawings and specifications. As directed by the Buyer or upon completion or termination of the Contract, Seller shall provide the Buyer, in acceptable form, an inventory list of Accountable Property and shall deliver such Accountable Property, to the extent not incorporated in delivered materials, to the Buyer.
- e. Title to Accountable Property shall remain in Company or its customer and shall not be affected by its incorporation into or attachment to any property not owned by Company or its customer, nor shall Accountable Property become a fixture or lose its identity as personal property by being attached to any real property. Title to all property (including material) purchased by Seller for which Seller is entitled to be reimbursed as a direct item of cost under this Contract shall pass to and vests in Company upon Seller's delivery of such property. Title to property purchased by Seller, the cost of which is reimbursable to Seller, shall pass to and vest in Company upon the earliest of
 - (i) issuance of the property for use in performance of the Contract;
 - (ii) commencement of processing of the property for use in performance of the Contract; or
 - (iii) reimbursement of the cost of the property by Company.
- f. The Government Property Clause contained in this Contract shall apply in lieu of paragraphs b. through e. above with respect to Government-furnished property, or other property to which the Government has title, or may take title under this Contract.

25. COMPANY AND SELLER PROPRIETARY INFORMATION.

- a. Information, including but not limited to technical information contained in documents, drawings, publications, specifications, schedules and the like, provided by the Buyer to Seller remains the property of Company, and may not be disclosed to any person or organization by Seller, without the express prior written approval of the Buyer. Seller shall not use or reproduce such information except as necessary for the performance of this Contract, or as Company may otherwise allow in writing. Seller will not use such designs, tools, patterns, drawings, information or equipment for the production of larger quantities than those specified herein or for customers other than Company. Seller shall maintain data protection processes and systems sufficient to protect Company information adequately.
